

Digital Leadership Initiative - Participation Pathways

Presented by Leadhawk Learning

Examples of approved leadership participation opportunities within the Digital Leadership Program framework.

Participation Opportunities

The Digital Leadership Initiative encourages flexible participation through leadership-focused activities, awareness initiatives, implementation support, and positive digital culture involvement.

Participation opportunities may be adapted based on:

- school goals
- organization structure
- leadership initiatives
- team or group participation
- community involvement

Student Leadership Activities

Participation activities may include:

- leadership proposals
- awareness campaigns
- peer leadership efforts
- classroom discussions
- digital culture initiatives
- student presentations
- implementation support
- school/community participation projects

Organizational Participation Pathways

- athletic department participation
- leadership club involvement
- advisory group participation
- classroom implementation
- school-wide awareness efforts
- youth organization initiatives
- church/community participation
- approved outreach activities

Digital Leadership Initiative - Participation Pathways

Presented by Leadhawk Learning

Example Leadership Efforts

Examples of approved participation efforts may include:

- positive digital culture campaigns
- responsible online behavior discussions
- student-led awareness presentations
- peer mentorship support
- implementation planning discussions
- digital leadership recognition efforts
- leadership event participation
- values-based communication initiatives

Flexible Participation Framework

Participation pathways are intended to remain flexible based on:

- organization size
- implementation goals
- student leadership opportunities
- available resources
- event-based participation
- community engagement initiatives

Schools and organizations may determine which participation opportunities best align with their leadership and implementation goals.

Participation Recognition May Include

- leadership acknowledgment
- participation tracking
- recognition certificates
- digital badge eligibility
- implementation recognition
- school/community visibility
- leadership recommendation consideration

Participation Pathways Are Flexible

Participation pathways are intended to support leadership engagement, positive digital culture development, and implementation involvement. Participation activities do not represent legal certification, disciplinary evaluation, or institutional endorsement unless otherwise determined by the participating organization.

Participation opportunities may be adapted to support leadership growth, positive engagement, and organizational implementation goals.
